Your benefit

Bizerba Service is a competent partner, who knows the ins and outs of your situation and your requirements and can respond to them individually and personally. As part of the regular visits, the necessary maintenance measures can be identified and further steps can be discussed on site.

Special features

Our in-house established information management makes sure our service technicians are always informed and up to date on all the hygiene and security regulations. For devices subject to legal control, the Checkup contract includes advice on observing the standards and statutory regulations as a matter of course - as in Bizerba Service you have a trained, competent partner who knows all about the applicable regulations. This ensures prompt recalibration.

Options

- Increase of preventative maintenance intervals
- Runtime between 12 and 60 months
